PURE WATER PROJECT
LAS VIRGENES-TRIUNFO
Bringing Our Water Full Circle

Week of November 2, 2026

Upcoming Intersection Work

> Beginning as early as Sunday night, November 8, crews are anticipated to conduct daytime and nighttime pipeline construction at the intersection of Lindero Canyon Road and Agoura Road. Work will occur in phases over approximately three to four months.

Some activities must occur overnight to safely install the pipeline while reducing daytime traffic congestion and maintaining access through the area. Crews will work to minimize noise impacts as much as possible. This work supports the Pure Water Project by upgrading critical infrastructure to improve water reliability and help prevent future waterline breaks.

Activity

> Urgent pipeline repair and installation work that began in early October will continue in phases along Agoura Road between Lindero Canyon Road and Lakeview Canyon Road.

This week, work will continue west of Greengate Court and continue west along Agoura Road. Construction activity may require a temporary closure of Greengate Court. Residents should use Knightsgate Road as an alternate route.

Activities will include asphalt removal, roadway excavation, pipeline installation and repairs, underground equipment installation, and temporary roadway restoration.

Construction and traffic control are anticipated along this section of Agoura Road over the next four to six months.

Dates/Times

Monday through Friday, from approximately 7 a.m. to 4 p.m.

Traffic Impacts

Motorists should anticipate temporary lane closures, traffic shifts, turn and parking restrictions, and flaggers directing traffic. Nighttime detours may be required during intersection work. Please allow additional travel time and follow posted signs.

Access to nearby businesses and residences will generally be maintained.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.
