PURE WATER PROJECT
LAS VIRGENES-TRIUNFO
Bringing Our Water Full Circle

Week of November 16, 2026

Thanksgiving Holiday Schedule

In observance of the Thanksgiving holiday, there will be no work or roadway closures from Thursday, November 26 through Friday, November 27.

Lindero Canyon Road and Agoura Road Intersection Work

Nighttime pipeline construction will continue in phases at the intersection of Lindero Canyon Road and Agoura Road. By replacing aging pipeline and installing critical underground equipment, this work will strengthen local water infrastructure, helping prevent future waterline breaks, reduce service interruptions, and maintain a reliable water supply for the community.

To safely install the new pipeline at this busy intersection, work will occur during nighttime hours. Performing certain activities overnight helps reduce daytime travel impacts, maintain access through the area, and allow crews to complete critical work as efficiently as possible.

Dates/Times

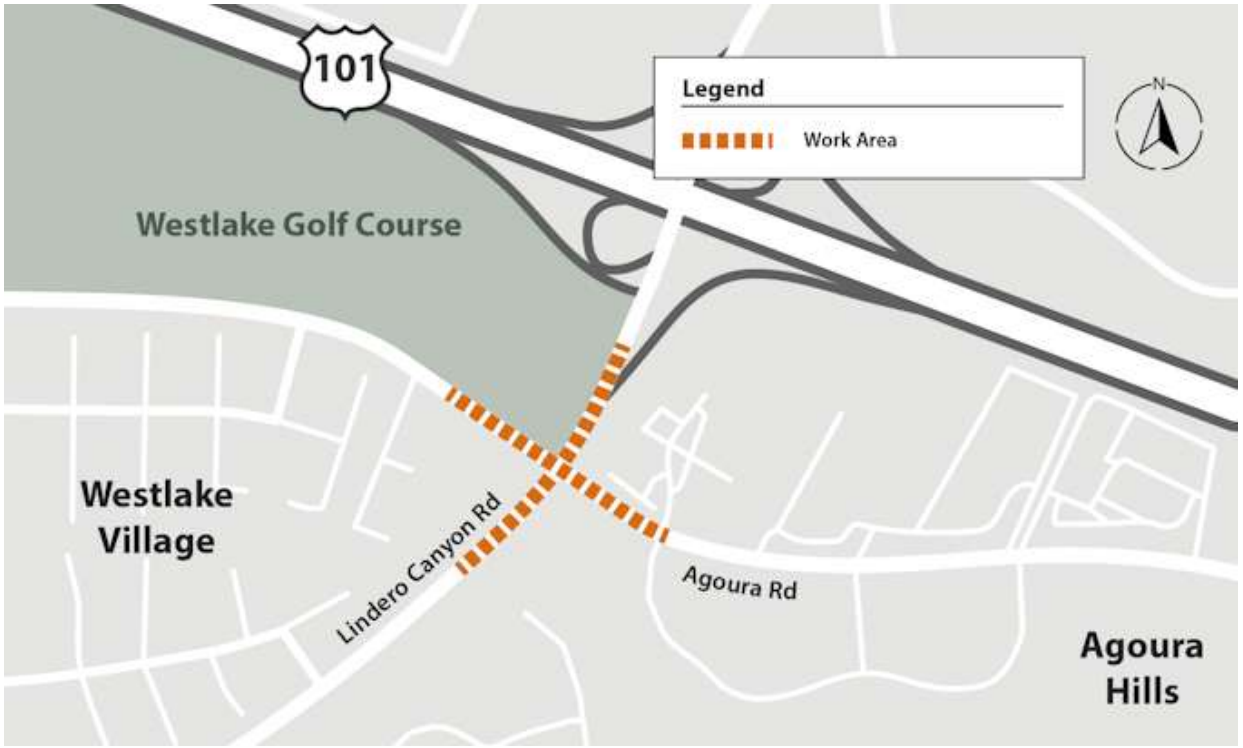
Sunday through Thursday, from 7 p.m. to 6 a.m.

This LVMWD intersection work is anticipated to continue for approximately four to five months. Crews will work to minimize nighttime noise impacts as much as possible.

Traffic Impacts

Temporary lane closures, traffic restrictions, and possible delays are anticipated. Detours and signage will be in place.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.



Agoura Road Pipeline Repair and Installation

Pipeline work that began in October will continue in phases along Agoura Road between Lindero Canyon Road and Lakeview Canyon Road. This week, crews will

focus on temporary paving and securing open excavations ahead of potential rain. Pipeline installation west of Greengate Court is anticipated as early as next week.

When Greengate Court is temporarily closed, residents should use Knightsgate Road as an alternate route. Construction and traffic control are anticipated along this section of Agoura Road over the next four to six months.

Dates/Times

Monday through Friday, from approximately 7 a.m. to 4 p.m.

Traffic Impacts

Motorists should anticipate temporary lane closures, traffic shifts, turn and parking restrictions, and flaggers directing traffic.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.

Agoura Road Utility Work

This week, crews will begin phased utility work along eastbound Agoura Road between Oak Crest Drive and Reyes Adobe Road, including irrigation crossings and a water line. Roadway restriping will follow.

Dates/Times

Weekdays, from 7 a.m. to 3:30 p.m., for approximately four to six weeks.

Traffic Impacts

Within active work areas, eastbound Agoura Road will be reduced from two lanes to one. Motorists and cyclists should anticipate traffic shifts, modified bicycle access, and possible delays. Access to nearby businesses and residences will generally be maintained.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.
