

Week of October 5, 2026

Activity

Pipeline construction will continue in phases along East and West Hillcrest Drives, with crews working within different sections of the corridor as construction progresses. This work supports the Pure Water Project by upgrading critical infrastructure to improve water reliability and help prevent future service disruptions.

East Hillcrest Drive

Pipeline installation will continue between SR-23 and Hodencamp Road.

Also beginning this week, crews are anticipated conducting potholing (underground utility investigations) near the SR-23 interchange, followed by asphalt removal and pipeline installation later in the week. Manhole construction near Houston Drive is anticipated to begin this week as well.

West Hillcrest Drive

Manhole work near McCloud Avenue is anticipated to conclude this week. Final paving of a portion of the road between McCloud Avenue and Marin Street is anticipated this week as well.

Beginning this week, crews will remove asphalt west of Marin Street in preparation for pipeline installation which will occur once all removal work is complete.

Dates/Times

Ongoing weekdays, 7:00 a.m. – 4:00 p.m.

Traffic Impacts

Temporary lane closures, traffic shifts, turn restrictions, parking restrictions, and flagging operations may be in place as work progresses through each phase. Motorists may experience delays and should allow additional travel time.

Access to nearby homes and businesses will be maintained whenever possible. Please follow posted signs and instructions from traffic-control personnel.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.

Neighboring City Activities

Urgent pipeline repair and installation work will begin Monday, October 5, along Agoura Road between Lindero Canyon Road and Lakeview Canyon Road in Westlake Village. This work supports the Pure Water Project by upgrading critical infrastructure to improve water reliability and help prevent future service disruptions.

Work will occur in phases along this section of Agoura Road and will include asphalt removal, roadway excavation, pipeline installation and repairs, underground equipment installation, and temporary roadway restoration. Daytime and nighttime work and traffic control are anticipated over the next four to six months.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.
