

Week of October 5, 2026

Activity

Work continues at the Advanced Water Purification Facility (AWPF) site. Beginning Monday, October 5, crews will begin installing shoring at the site during daytime hours. This work is anticipated to continue for approximately two weeks and may result in increased construction noise and possible vibration.

Crews will also continue concrete, rebar, and foundation work for the future water treatment building. Additional activities will include underground electrical and plumbing work along the retaining wall.

Dates/Times

Beginning Monday, October 5, and continuing throughout the week during daytime construction hours.

Traffic Impacts

Construction activity will remain within the AWPF site. Heavy trucks and equipment will continue to enter and exit the site throughout the week. Motorists should drive carefully and watch for construction vehicles and crews near the AWPF entrance.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.

Neighboring City Activities

Urgent pipeline repair and installation work will begin Monday, October 5, along Agoura Road between Lindero Canyon Road and Lakeview Canyon Road in Westlake Village. This work supports the Pure Water Project by upgrading critical infrastructure to improve water reliability and help prevent future service disruptions.

Work will occur in phases along this section of Agoura Road and will include asphalt removal, roadway excavation, pipeline installation and repairs, underground equipment installation, and temporary roadway restoration. Daytime and nighttime work and traffic control are anticipated over the next four to six months.

Construction is a dynamic process. This information and the project schedule are subject to change due to weather, field conditions, and other factors.
